

Assistant Professor in Actuarial Science

The Department of Mathematics & Statistics and Bowling Green State University invites applications for a full-time and tenure-track Assistant Professor position with a start date of August 2024. This position will support the Actuarial Science program.

Minimum Qualifications: Doctoral degree in Actuarial Science, Mathematics, Statistics, or related field (e.g., Data Science, Insurance and Risk Management). ABDs are eligible to apply, but all requirements for the doctoral degree must be met by the start of employment (August 2024); teaching experience as a TA; demonstrated scholarly work in Actuarial Science, Mathematics, Statistics, or related area (e.g., Data Science, Insurance and Risk Management) such as doctoral dissertation or research presentations at national or international conferences.

Preferred Qualifications: Experience teaching Actuarial Science, Mathematics, Statistics, or Business Analytics, as the instructor of record; demonstrated research productivity through one or more publications in peer-reviewed journals or book chapters in Actuarial Science, Mathematics, Statistics, or in a closely related area (e.g., Data Science, Insurance and Risk Management); experience seeking external research funding.

For a complete job description & instructions on how to apply for this position visit <https://www.schooljobs.com/careers/bgsu>.

The search committee will review applications until the position is filled; however, for best consideration, applications should be provided by December 15, 2023.

Background check required for employment. BGSU is an AA/EEO/Vet employer. We encourage applications from women, minorities, veterans, and persons with disabilities regardless of age, gender identity, genetic information, religion, or sexual orientation.
